

STEM School Highlands Ranch Concurrent Enrollment Policy

Concurrent Enrollment (CE) allows high school students (9th-12th grade) to enroll in college-level, guarantee transfer (within the Colorado public university system) courses while still in high school. STEM School Highlands Ranch will pay the tuition portion of that college education. Families must reimburse the school for any course not successfully completed (grade of “F”, “I”, or “W”). To qualify for the Concurrent Enrollment Program, students must:

1. Be in 9th, 10th, 11th, or 12th grade
2. Be a student of good standing in previous course work and show a history of strong standardized test scores. This may include a GPA of 3.0 for the previous 2 semesters.
3. Have a social maturity to excel in a college environment
4. Receive a minimum score on the ACT, SAT, or Accuplacer as needed
5. Complete all portions of the CE application and submit the completed application to the Post Graduate Assistant by the published deadlines
6. Meet with the Post Graduate Assistant once each year to review eligibility for CE
7. Be enrolled in a college-level, guaranteed transfer courses
8. If required, return the attendance form that will be sent to students
9. Be enrolled in the College Opportunity Fund

Good Standing

Student has at least a cumulative GPA of 2.0 (college GPA), has completed (passed) at least 67% of attempted credits and has not exceeded 150% of the program’s total credits.

Failure to maintain “good standing” at the institute of higher learning may make a student ineligible for financial aid until the student repairs his or her academic status. Student/parent will be responsible for tuition if the student withdraws from a course or fails a course.

Credit Equivalency

Students completing college-level concurrent enrollment courses with a grade of C- or higher will be awarded credit equivalency as follows.

1 semester credit	.5 year high school credit
2-3 semester credits	1 year high school credit
4 semester credits	1.5 years high school credit
5 semester credits	2 years high school credit

Option 1: High School Concurrent Enrollment

General Information:

- Courses taught by STEM teachers
- Courses taught during regular school day hours
- In addition to high school credit, if a student earns a C or better, he or she will receive college credit.

The Student **MUST** do the following in addition to normal high school course registration:

- Apply to the post-secondary institution aligned with the course:
 - Arapahoe Community College (ACC)
- Apply to the Colorado College Opportunity Fund (COF)

Option 2: College Campus Concurrent Enrollment
