

Butter Braid Setup Instructions

Welcome to our online STEM PTO fundraiser!

All purchases directly support our After Prom 2022 event!

Parents, please follow these instructions. You need to do this only once:

1. Start by visiting this [Registration](#) link.
2. You will be prompted for a Seller Name, and you should use your STEM student's name.
NOTE: This is just for product labeling purposes for delivery.
3. For Email Address and Phone, enter YOUR OWN (parent) email and phone, and click REGISTER. **NOTE: Providing parent email and phone ensures you are notified when product is ready to be picked up at STEM on December 13th.**
4. Check your email for a message from My Fundraising Place and click Verify Email.
5. This opens your setup confirmation page. **Read the page and share your "online store link" from this page** with neighbors, family, and friends. **NOTE: This way, purchases are automatically labeled with your student's name for product pick-up at STEM on December 13th.**

To place an order and to share with others,
visit the "online store link" from your setup confirmation page.

Thank you so much for your support!
