Position:

- As a teacher, you will be expected to plan, organize, and implement an appropriate instructional program in a learning environment that guides and encourages students to develop and fulfill their academic potential. You are challenged with new teaching methods and educational tools in an ever changing and strategic environment.
- Teachers will utilize technology and integrate the use of technology to provide a variety of learning materials and resources for use in educational activities, instruct and monitor students in the use of learning materials and equipment, observe, evaluate, encourage and provide feedback on students' progress and development preparing required reports on students and activities.
- Our teachers are an integral part of the school and the school community, performing duties including, but not limited to, student support, counseling students with academic problems and supporting certain extracurricular activities such as social activities, sporting activities, clubs and student organizations, participating in department and school meetings, and parent meetings.

Position Requirements:

- Plan and implement problem-based lessons based on state standards.
- Create engaging lessons that integrate technology, science and engineering that also develops student critical thinking and problem solving skills.
- Ensure the success of all students by continually assessing student progress toward mastery of standards and keep students and parents well informed of student progress.
- Provide accommodations and modifications for growth and success of all students.
- Collaborate with colleagues with the intent of deepening pedagogical content knowledge, improving teaching practices, and creating problem-based learning opportunities.
- Plan and implement advisory programming for a cohort of 20-30 secondary students
- Proficiency with Learning Management Systems and Google Suite.

Qualifications Required:

- Bachelor's degree or higher from an accredited institution with a valid state teaching license and highly qualified content knowledge.
- Master's degree in math desired.
- Experience with learning management systems and Google.

Essential Physical Requirements:

- Occasional lifting, five (5) to fifty (50) pounds
- Ability to stand/walk for ninety (90) minutes
- Ability to run short distances
- Frequent bending, stooping, walking, standing, kneeling, crawling, squatting, reaching, and sitting

Schedule:

- After school
- Day shift
- Monday to Friday

Work Location: In person
