Position Description:

Administers and manages activities within a specific area of responsibility (CTE pathway/program). Serves as the subject matter expert and applies gained knowledge to execute, maintain, and improve systems, programs, or processes in the secondary classroom.

Instructors will teach diverse High School students career and technical education courses as outlined in the program of study. These courses are determined by the program approval which is approved by the Colorado Community College System. Instructors will teach students various careers related to the pathway they teach. Instruction will be real-world, hands-on, and project-based for authentic job-related experience. Instructors are required to sponsor a Career & Technical Student Organization (CTSO) and maintain (with assistance) an Advisory Board for all program changes and updates. In conjunction with the Career Development team, instructors will assist with facilitating internships, job shadows, mentorships, college visits, and overall connections with Industry Personnel in the field.

Position Requirements:

- Plan, prepare, and deliver instructional activities that facilitate active learning experiences and establish and communicate clear objectives for all learning activities.
- Utilize and integrate the use of technology to provide a variety of learning materials and resources for use in educational activities, instruct and monitor students in the use of learning materials and equipment, observe, evaluate, encourage, and provide feedback on students' progress and development preparing required reports on students and activities.
- Responsible for managing student behavior in the classroom by establishing and enforcing rules and procedures, maintaining discipline in accordance with the rules and disciplinary system of the school, and applying appropriate disciplinary measures where necessary.
- Our teachers are an integral part of the school and the school community, performing certain pastoral duties including, but not limited to, student support, counseling students with academic problems, and supporting certain extracurricular activities such as social activities, sporting activities, clubs, and student organizations, participating in department and school meetings, and parent meetings.
- Must possess or have the ability to acquire appropriate secondary Career and Technical Education authorization/endorsement from the Colorado Department of Education.
- Maintains program compliance with program approval, which includes serving as an advisor to the appropriate career & technical student organization (CTSO) and maintaining a program advisory committee.
- Maintains and supervises the use of any lab/technology equipment.

Qualifications Required:

- Bachelor's degree or higher from an accredited institution with a valid state teaching license and highly qualified content knowledge.
- Master's degree from an accredited college or university, is preferred.
- Experience with Learning Management Systems and Google preferred.
- Experience teaching animation, and digital photography, including usage of a DSLR camera, editing, graphic design, and visual communication strategies
- Proficient with both MAC and PC platforms
- Must have CTE credentials

Essential Physical Requirements:

- Occasional lifting, five (5) to fifty (50) pounds
- Ability to stand/walk for ninety (90) minutes
- Ability to run short distances

- Frequent bending, stooping, walking, standing, kneeling, crawling, squatting, reaching, and sitting

Schedule:

- After school
- Day shift
- Monday to Friday

Work Location: In person
